

How to Make Your Book

You may create one comic book per kit, using either the Create by Hand option or the Design Online option. You do not need to use both of these options to create your comic book. Replacement pages and answers to frequently asked questions are available at <http://www.lulujr.com>

Option 1: Create by Hand

This option is best for young authors and parents who want a memento of their child's drawing style and handwriting.

Use the design sheets included in your kit and follow the instructions below.

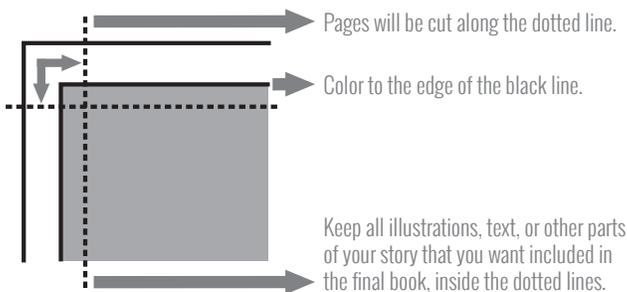

Your finished comic book will be 16 pages plus a front and back cover. We have included a few extra design pages in your kit for practice or corrections.

Design Sheet: Interior Pages

Be sure to write your page number on every interior page.

Page Numbers: Your comic book may include up to 16 story pages. Write the page number in pencil in the box provided on the design sheet. If there are no page numbers, your comic book will be printed in the order in which the pages are received.

If you return more than 16 interior pages, only the first 16 pages will be printed. If you return fewer than 16 pages, your printed comic may include blank pages.

Option 2: Design Online

Visit us at http://www.lulujr.com/MyComicBook_Book.php and follow the easy online instructions for making your book.

When prompted, enter the tracking number from the bottom of the order form included in your kit to create and order your free 16-page comic book.

The Design Online option includes drawing tools, speech bubbles, backgrounds, and stickers. You can also upload images, scanned drawings, and PDFs for use in your comic book.

Spelling: The text for books created using our online tools will be printed exactly as entered by the author.

Printing: Books created using our online tools are printed in the USA within 4-6 business days.

Shipping: Following printing, books are normally delivered in 3-5 business days. Printed books can only be shipped to addresses within the USA.

Optional Services

About the Author Photo

Each book includes an About the Author section on the back cover. You may include a photo to accompany the About the Author text.

For the Design Online option, upload a photo.

For the Create by Hand option, write your last name (as it appears on your order form) on the back of a 2"x3" photo and include it with your book materials when you mail them to us. Please do not paperclip or tape the photo to the page. Your photo will not be returned with your finished comic book.

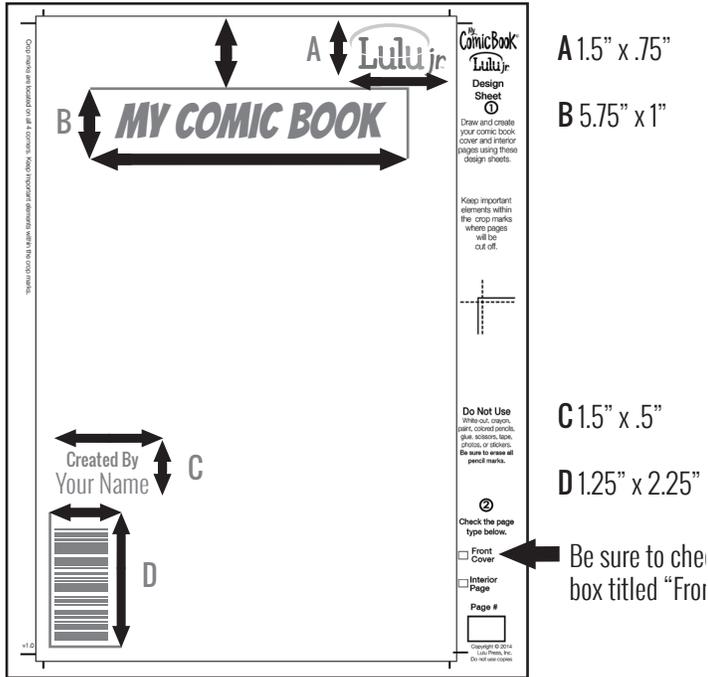

Additional Copies

Your comic book is a wonderful keepsake and makes an ideal personalized gift, especially for family members, classmates and friends. To order additional copies of your comic book, go to <http://www.lulujr.com/order> and enter the Book ID code provided on the inside front cover of the finished book. You can share the Book ID code with friends and family, and they can order additional copies as well.

When designing your comic book cover, avoid placing important elements of your cover art in the following areas:

A. Lulu Jr Comics Logo: When we print your comic book, we will include the Lulu Jr Comics logo in the upper right corner of the cover (area A).

B. Title: We can professionally typeset your title for no additional charge. If you choose this option on the order form, the title area will begin 1 inch from the top of the cover page (area B).

C. Creator's Name: We can also professionally typeset your name on your comic book cover. If you choose this option on the order form, your name will be entered in Area C, which is three inches from the bottom of the cover page.

D. Barcode: Every comic book will have a Lulu Jr Comics barcode in the bottom left corner, just like a comic book you buy at the store!
